Index

Volume 49, 1993

Main Articles

Calcium tolerance of growing chickens: effect of ratio of dietary calcium to available phosphorus
T.M. Shafey 5

Irradiation of poultry feed I. Microbial status and bird response
S. Leeson and M. Marcotte 19

Avian blood leucocyte responses to stress
M.H. Maxwell 34

Poultry handling: a review of mechanical devices and the effect on bird welfare
Graham B. Scott 44

The egg industry of California and the USA in the 1990s: a survey of systems
D. Bell 58

The quail industry of Estonia
V. Tikk and H. Tikk 65

Influence of saline drinking water on eggshell quality and formation
D. Balnave 109

Irradiation of poultry feed II. Effect on nutrient composition
S. Leeson and M. Marcotte 120

The major histocompatibility complex and its role in poultry production
Jean E. Sander 132

Aerial pollutants and the health of poultry farmers
R.T. Whyte 139

Cryopreservation of poultry semen: a review
F. Bellagamba, S. Cerolini and L.G. Cavalchini 157

Ahemeral lighting and reproductive efficiency in breeding flocks
M.M. Shanawany 213

Feed resources for poultry production in Asia and the Pacific. III. Animal protein sources
V. Ravindran and R. Blair 219

A role for sodium bicarbonate supplements for growing broilers at high temperatures
D. Balnave and Irene Gorman 236

Mycotoxins and the avian kidney: assessment of physiological function
Raymond P. Glahn 242

Manipulating the fatty acid composition of poultry meat and eggs for the health conscious consumer
Pamela S. Hargis and Mary E. Van Elswyk 251

Poultry development strategies in India
B. Panda and S.C. Mohapatra 265

Short Reviews

Avoiding pollution from poultry manure
J. Archer 167

Poultry manure and nitrate leaching
M.A. Shepherd 171

Environmental effects of microbial degradation on poultry manure
Y. A. Holthuijzen 173

Poultry litter as a fuel
S.P. Dagnall 175
